Wake AHEC is part of the North Carolina AHEC Program

Target Audience

This activity is structured to meet the educational needs of anesthesiologists, critical care specialists, anesthesiologist assistants, and anesthesiology residents and fellows.

Statement of Educational Need

The theme for the 2015 NCSA/SCSA Annual Meeting is “Quality in Anesthesia”. The goal of this conference is to promote quality practices across the profession; from patient care delivery to hospital management to physician lifestyle improvements. Topics that will be addressed include: clinical updates on management of chronic narcotic use and trauma patients; clinical strategies for promoting safety in the operating room; leadership strategies for cultivating a more effective workplace environment; and quality metrics for anesthesia care including their future impact on payment.

Learning Strategies for Participants

- Discuss the correlation between the increase in accidental narcotic overdose deaths and opioid treatment for chronic pain.
- Identify patients who have chronic pain/narcotic use.
- Formulate an anesthetic plan that will provide adequate analgesia for chronic narcotic-use patients postoperatively.
- Explain strategies using the narcotic medications risk evaluation and management guidelines.
- Identify the new features of state opioid databases in order to protect patients, providers and the community.
- Describe current and future trends in reporting quality metrics.
- Discuss clinical and operational strategies for promoting patient safety.
- Identify leadership strategies for departmental success.
- Define optimal business and clinical practices necessary to prepare medical residents for a successful career.

Resident Abstract Poster Submissions

Abstracts may be submitted in the categories of Best Original Research, Case Report and Literature Review. Submissions must be received by August 28, 2015, and sent to Kara Weishaar at kweishaar@smithlaw.com.
